Because she has worked for and with us, because she has given generously of her time and wisdom - words are a poor substitute with which to express our sincere respect and admiration for this woman. She is sponsor of Future Teachers of America, advisor of the yearbook, and a senior class sponsor. She voluntarily gives so much of her time to THE FALCON and to the senior exercises.

Everyone respects this teacher and looks to her for advice and help. She is never too busy to stop and talk with a student or to help the student in any way she can.

In appreciation for such devoted service, the senior class proudly dedicates the 1974 FALCON to Mrs. Wilma Walker.

SWEET, SWEET

Because the 1973 FALCON was published before the season ended, we would like to bring back some memories of the Falcons' regional and state victories.

How Sweet It Is!!!

VICTORY!!!

AT VICTORY

1973 Regional Champs

Hickman County fans celebrated like they had never celebrated before Saturday night after the Hickman County Falcons won their first regional title in the history of the school and the first title in thirty-two years for any Hickman County school.

Even the stormy weather didn't dampen the spirits of the fans as the Falcons, behind a strong performance by Issac Childress, had just gained a trip to the state tournament by defeating the Carlisle County Comets 52-48 in the regional finals.

The seesaw battle, which saw the Falcons fall behind early, take the lead, lose it, and then finally take it again, was not decided until Childress sank two free throws with only eight seconds remaining in the game.

It was Childress who secured the long-awaited victory for the Falcons. Sixteen times he went to the free throw line and sixteen times he sank the shot, which in itself is an incredible performance. Childress also added five field goals and finished with 34 points, high for both teams.

Everyone who watched or listened to the game knew that the action in the fourth quarter was going to be hot. Tense and tense. The Comets led 38-36 going into the last frame, and increased the advantage as the fourth quarter began on a David Garrett jumper. Childress countered with two of his many

Mike Woods then hit for Carlisle, Sidney Spate bucketed one for Hickman, and then Nichols hit again for Carlisle, keeping their four point lead intact. Ricky Weatherspoon was fouled and missed his gratis attempt but the Falcons stole the ball and Grundy laid it in to narrow the lead to two, 44-42. Woods was still the Comet's hottest shooter and he quickly burned the nets with a twenty footer.

Then Childress went to work. With 3:54 left in the game, Issac scored on a driving lay up to narrow the margin to two, and then powered in another layup with 3:00 left to tie the contest 46-46. Spates fouled Woods on the Comets' trip down the floor but the Carlisle quint was not yet in the bonus and got the ball out of bounds as a result. They failed to score. Hickman County took control and Childress was fouled by Robert Martin, with 2:10 remaining.

Childress made his free throws and the Falcons were on top 48-46. The Comets brought the ball down floor and Hickman County stole it, but immediately committed a floor error and Carlisle got the ball back with 1:54 left. Carlisle's Thomas Jenkins was fouled by Spates but he missed his foul shot, and the Falcons had possession of the ball again.

It was at this time that Hickman County went into a stall, a device that the Falcons had found most effective during the whole tournament. Knowing that

fouled, Jenkins was forced to pick up his fifth personal with :42 left, sending Derrick Fitts to the line.

Fitts, who was 2 for 6 from the line at that point, calmly sank both ends of his bonus tries, increasing the Falcon lead to a more comfortable four points, 50-46. But Woods dropped in a jumper to put the Comets back in the game.

Hickman County took the ball out of bounds and drove down the court and guess who was fouled. You're right, it was Childress. With only :08 to go, Issac made his fifteenth and sixteenth consecutive free throws to ice the game for the Falcons. The Comets were unable to cash in another bucket before the horn and the Falcons carried off the trophy with a 52-48 win.

The Falcons trailed at every stop except the final one. The Comets jumped ahead 5-0 at the game's outset and left Falcon fans afraid that they might be viewing a rerun of last Saturday night's game in the district finals when the Comets blitzed Hickman County in the first quarter. But it was not to be and the Falcons were able to stay with the Comets this time, as the quarter ended with Carlisle ahead by only one, 13-12.

The Falcons took the lead on the first play of the second quarter as Spates assisted Grundy for 2 more points. The lead switched hands throughout the second period and the Comets were able to hold on to their one point lead at halftime 26-25.

able at one point to take a five point lead. The Falcons were about to fold, though, and they battled back and took the lead 34-34 on two more of Childress' free tosses with 1:39 to go. Fitts added one more point from the charity line in the quarter but two buckets by Woods put Carlisle back on top, 38-36 at the timeout, setting up that dramatic last period.

Actually, neither team played its best basketball in the Saturday night final. Hickman County hit only 38 percent of field goal tries and the Comets could make good on just 25 percent of shots. The letdown could probably be attributed to the physical and emotional exhaustion both teams felt by the time the final game time arrived.

The Falcons should be rested and ready to go at full strength this afternoon, at 1:00 p.m. when they tangle with the representative of the 13th region, Clay County. Clay County is the state's winningest team with a 13 record. However, the Falcons have a competent, well balanced team and they have a very good chance of advancing in the tournament and representing the region well.

In capturing the title, the Falcons left no doubt that they were the tournament's top team. On three straight nights they played the three top seeds in the tourney other than themselves, and, of course, defeated them.

Falcons Advance To Semis

As most West Kentuckians know by now, Hickman County made its first trip to the "Sweet Sixteen" an overwhelming success. They didn't win the big trophy, but the Falcons made it to the semifinals before tumbling before powerful Louisville Male. That means, since no consolation game is played, that Hickman County finished in a tie for third with defending champion Owensboro, which fell before eventual winner Louisville Shawnee less than a couple of hours before the First Region champs were eliminated.

But, all was not lost for Hickman County. The Falcons had gained the "favorite" role of the crowd by using expert ball control followed by beautiful jumpers from afar. Using a deliberate style of offense, the Falcons weren't readily ac-

Ray said he confronted his team with the facts about Male before Saturday's semifinal text. "I told them that they were big, strong and good shooters," he said, adding that his pre-game talk included, "I'm not going to tell you it's going to be easy"

Everybody, it seems, read the chart except the Falcon players, for even their coach's warning was discarded. "It didn't shake them a bit," Ray remembers. "They said they were going to go out there and get it. And, until they gave out and Issac (Childress) went down in the third quarter, they were doing a pretty good job at what they were going to do. They weren't afraid of them they didn't care if they were 6-8, 6-9 or 6-10 . . . they just wanted to play.

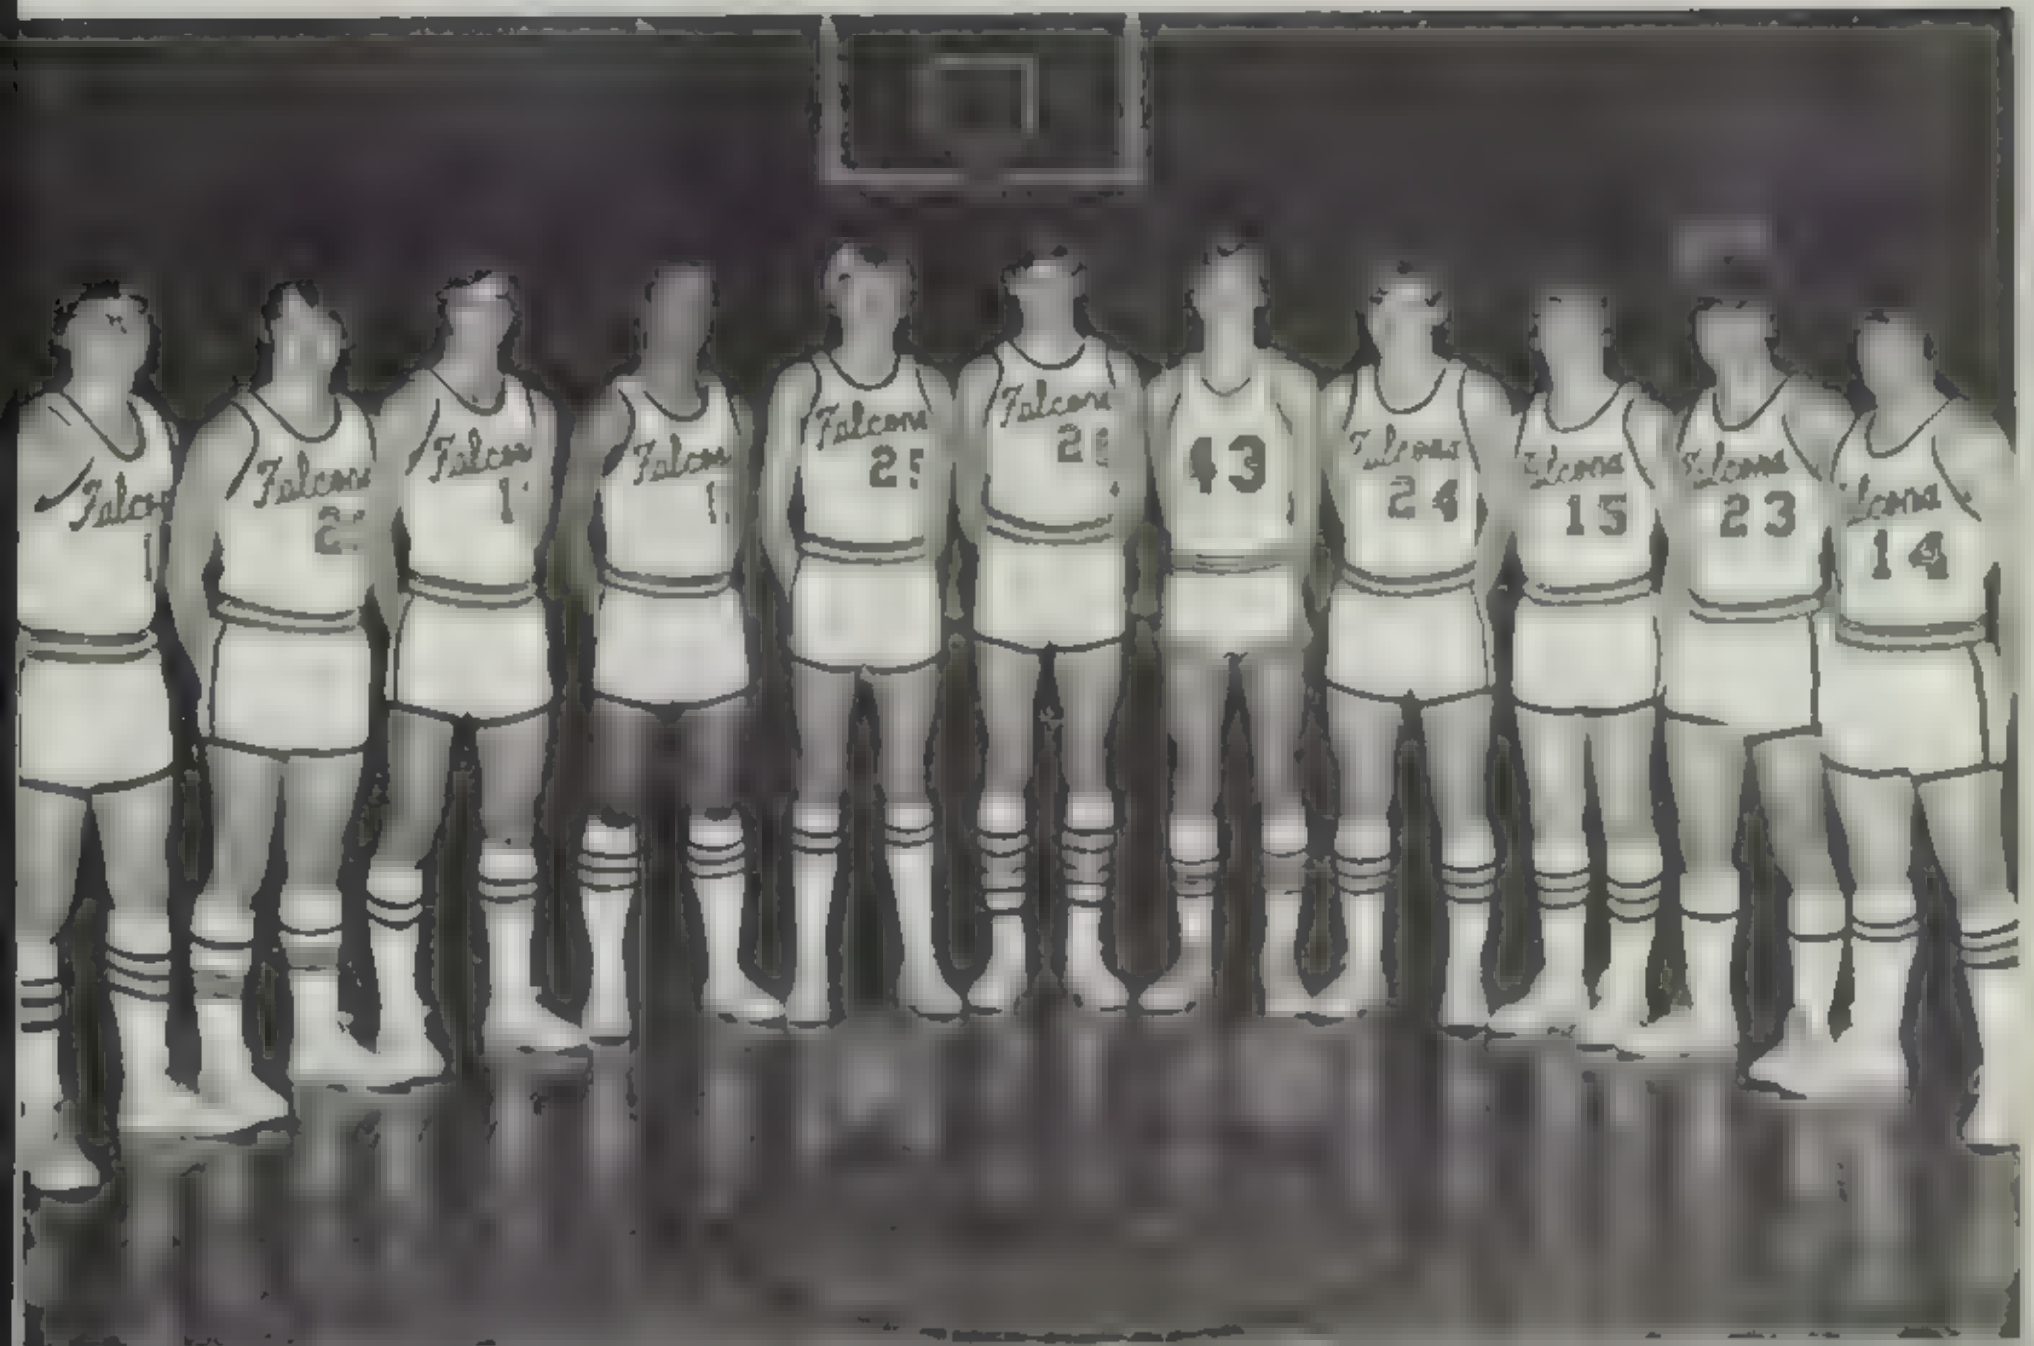

"I don't think I've ever seen a ball club show any more poise than they did," Ray said, comparing his Falcons

APPROXIMATELY 1,000 people were on hand last Sunday to greet the Falcons and cheerleaders as they returned from Louisville. A

motorcade met the team at Fulgham and was escorted by the county sheriff, city fire truck, city police car and ambulance.

 that's right or not.

It's been fun
knowing you these
past 7 years. Remember
my sophomore year +
all the problems I had
with you? You helped
me with those problems.
I hope to see you
around after graduation.
